MRI 會議論文

2014 會議論文

1. Gong, S. P., Kung, C. J. & Wu, X. A. (2014, October). Embodied semantics for literal and metaphorical action sentences in Mandarin. Presented at International Conference on the Processing East Asian Languages, Korea University, Seoul.
2. Chen, I. J., Cheng, Y. H., Chao, T. C. & Wu, M. L. (2014, May). Effects of temporal resolution on Granger Causality Analysis in auditory-motor fMRI, ISMRM 22th meeting, Milan, Italy.
3. Wang, C. K., Lin, P. Y., Chao, T. C. & Wu, M. L. (2014, May). Automatic artifact detection and image quality assessment for quantitative susceptibility mapping, ISMRM 22th meeting, Milan, Italy.
4. Cheng, Y. H., Chen, I. J., Chao, T. C. & Wu, M. L. (2014, May). Evaluating effective connectivity in auditory-motor fMRI using Dynamic Granger Causality Analysis, ISMRM 22th meeting, Milan, Italy.
5. Cheng, Y. H., Chen, I. J., Chao, T. C., Lai, P. H., Wang, F. N. & Wu, M. L. (2013, April). Effective brain connectivity among resting-state networks: a frequency dependent Granger Causality Analysis, ISMRM 21th meeting, Utah, USA.
6. Cheng, J. T., Chen, D. Y. & Hsieh, S. (2014, July). The internet addiction level on resting-state brain connectivity. A poster to be presented at the International Conference on Cognitive Neuroscience (ICON 2014), Brisbane Convention & Exhibition Centre, Brisbane, Australia.
7. Cheng, J. T. & Hsieh, S. (2014, January). The internet addiction level on resting-state brain connectivity. 2014 年跨領域神經科學學術合作論文研討會，台南市，台灣。
8. Chen, C. Y., Chen, C. C. & Huang, P. C. (2014, *November*). The effect of contrast gain control on plaid patterns in the human visual cortex. The 53th Annual meeting of the Taiwanese Psychological Association, Taipei, Taiwan.
9. 連志浩、黃菁、林君昱(2014 年 11 月)。注意力與刺激類別對重複抑制之影響初探。第五十三屆臺灣心理學年會，台北市，台灣。
蕭詠如、蔡岳霖、張簡郁宸、詹雨臻、陳學志、魏旻良、胡中凡(2014 年 11 月)。笑話理解中涉及「心智理論」運作之腦神經機制初探。第五十三屆臺灣心理學年會，台北市，台灣。
