MRI 會議論文

2015 年會議論文

1. Weng, M. H., Kung, C. C., Cheng, J. T., Hsu, I. R. & Wu, H. J. (2015, November). Riskier compound uncertainties. Poster session at Symposium for Integrated Imaging of Body, Mind and Culture & 2015 Forum of MOST Research Projects on Brain Imaging for Mind Science, Taipei, Taiwan.
2. Hsieh, S. (2015, November). Network-based analysis reveals functional connectivity related to internet addiction tendency. Symposium for Integrated Imaging of Body, Mind and Culture & 2015 Forum of MOST Research Projects on Brain Imaging for Mind Science, Taipei, Taiwan.
3. Hsieh, P. H. & Chou, M. T. (2015, December). Tracking online consumers' eyes to explore purchasing intention of second-hand 3C products. A paper to be presented at the 4th International Conference on Business, Management and Governance, New York LaGuardia Airport Marriott, East Elmhurst, NY, USA.
4. Weng, M. H., Kung, C. C., Cheng, J. T., Hsu, I. R. & Wu, H. J. (2015, June). Violation of the reduction principle, evidences from fMRI. Western Economic Association International (WEAI) the 90th Annual Conference, Honolulu, Hawaii, USA.
5. Weng, M. H. (2015, January). The reduction principle under imprecise probability information. Annual Meeting of Taiwan Society of Cognitive Neuroscience, Taipei, Taiwan.
6. Hsieh, P. H. & Chang, F. N. (2015, December). Comparing online consumers' brain images in different purchasing-decision processes. Paper presented at the 15th International Conference on Electronic Business, CUHK, Sha Tin, Hong Kong.
7. Hsieh, P. H. & Maude, A. (2015, December). Exploring attractive experiential strategies for website design – a website design project for a department store. A paper to be presented at the Fourteenth Annual Workshop on HCI Research in MIS, Fort Worth Convention Center, Fort Worth, Texas, USA.
8. Yang, D. Y., Lin, C. Y., Lin, S. S., Lin, C. H., Hung, N. C. & Yang, Y. K. (2015, June). Differential fMRI activations during the Iowa Gambling Task among adults with ADHD, their parents, and healthy controls. A poster to be presented at the World Psychiatric Association International Congress, Taipei, Taiwan.
9. Jo, H. S., Yang, Y. O., Kung, C. C. & Wang, J. F. (2015, December). An fMRI study of happiness during induced positive effects. Oral Presentation at International Conference on Orange Technologies, Hong-Kong, China.
10. Kung, C. C., Cheng, J. T., Wong, Y. K. L. & Wong, A. C. N. (2015, October). Alternation between- and within-class selectivity across the ventral occipital cortex:

- evidence by region-of-interest and whole-brain multi-voxel pattern analyses. Oral Presentation at Taiwanese Psychological Association Annual Meeting, Taipei, Taiwan.
11. Jo, H. S., Yang, Y. O. & Kung, C. C. (2015, October). An fMRI study of Happiness during Induced Positive Affects. Oral Presentation at Taiwanese Psychological Association Annual Meeting, Taipei, Taiwan.
 12. Kung, C. C., Cheng, J. T., Wong, Y. & Wong, A. (2015, July). Alternation between- and within-class selectivity across the ventral occipital cortex: evidence by region-of-interest and whole-brain multi-voxel pattern analyses. Presented at the Asia-Pacific Conference on Vision, APCV, Singapore.
 13. Yang, Y. O., Yeh, D. R., Lin, P. C., Kung, C. C. & Wang, J. F. (2015, December). An fMRI study of Happiness database for fMRI study. Oral Presentation at International Conference on Orange Technologies, Hong-Kong, China.
 14. Kung, C. C. & Yeh, D. R. (2015, September). The neural substrate of maternal love in shopping: Comparing General Linear Model and Searchlight Mapping. Society for Neuroeconomics Annual Meeting, Miami, FL.
 15. Yang, C. T. (2015, November). Comparing model-based and neural measures of interference from unattended dimensions using fMRI and linear ballistic accumulation. Symposium for Integrated Imaging of Body, Mind and Culture & 2015 Forum of MOST Research Projects on Brain Imaging for Mind Science, Taipei, Taiwan.
 16. Yu, J. C., Chen, D. Y., Little, D. R. & Yang, C. T. (2015, November). Comparing model-based and neural measures of interference from unattended dimensions using fMRI and Linear Ballistic Accumulation. Poster presented at 2015 Ncku Math Psy-Bayesian method of sequential sampling model workshop, Tainan, Taiwan.
 17. Yu, J. C., Chen, D. Y., Little, D. R. & Yang, C. T. (2015, July). Feature-based attention affects the information accumulation process: An fMRI study. Paper presented at the 48th Annual Meeting of the Society for Mathematical Psychology, Newport Beach, California.
 18. Yang, D. Y., Lin, C. Y., Lin, S. S., Lin, C. H., Hung, N. C. & Yang, Y. K. (2015, June). Differential fMRI activations during the Iowa Gambling Task among adults with ADHD, their parents, and healthy controls. A poster to be presented at the WPA International Conference, Taipei, Taiwan.
 19. Lien, C. H. & Lin, C. Y. (2015, June). Is Repetition Suppression Modulated by attention and stimulus categories? A poster to be presented at the Organization for Human Brain Mapping (OHBM 2015) Annual Meeting, Honolulu Hawaii, USA.
 20. Huang, C. & Lin, C. Y. (2015, June). Examination of the long-axis specialization of the human hippocampus: an fMRI study. A poster to be presented at

the Organization for Human Brain Mapping (OHBM 2015) Annual Meeting, Honolulu Hawaii, USA.

21. Cheng, K. H., Lin, E. F. Y., Hung, V., Huang, T. S. T. & Shyi, G. C. W. (2015, November). Optimally localizing face processing network with dynamic images: testing the utility of a Taiwanese database for investigating brain mechanisms underlying face processing. Poster presentation presented at the NCKU Mathpsy 2015 Workshop in Bayesian method of sequential sampling model, Tainan, Taiwan.
22. Teng, Y. F. & Lin, C. Y. (2015, May). The effect of cognitive load on google effect. Association for Psychological Science 27th Annual Convention, New York, USA.
23. Hsu, C. W., Huang, H. L., Lin, C. Y. & Yang, Y. K. (2015, November). Attribution styles and brain activation to behaviors of children between mothers and non-mothers. Symposium for Integrated Imaging of Body, Mind and Culture & 2015 Forum of MOST Research Projects on Brain Imaging for Mind Science, Taipei, Taiwan.
24. 許哲維、黃于瑄、陳吟蓓、李于欣、李珏妤、林君昱、林健禾、楊延光、黃惠玲(2015年3月)。ADHD 兒童母親歸因歷程及其腦神經基礎。2015 臺灣臨床心理學年會，台南市，臺灣。
